 **FLEURCO™SEKUR<sup>+</sup>**  
SAFETY PROTECTION\*  
\*5 year limited warranty

## SAFETY PROTECTION

### WHAT IS FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION is a transparent film bonded directly onto the glass panel by means of an adhesive to improve safety by retaining the pieces together in the event of glass breakage.

### WHAT ARE THE BENEFITS OF FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION film provides an added layer of security for you and your family. In the event of an accident, FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION prevents the tempered glass door from shattering into thousands of pieces which could cause damage.

### HOW IS FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION APPLIED?

Application is performed by a specialized machine.

The film is always installed on the exterior side of the panels as to not affect the Microtek® coating on the interior.

### HOW DURABLE IS FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION is very durable. It has been tested for long-term usage against chemicals and normal wear and meets the required standards.

### HOW DO I CLEAN GLASS TREATED WITH FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

No abrasive materials should be used in cleaning a FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION treated shower door. Cleaning with a damp cloth using a mixture of vinegar/mild soap with water is recommended.

SAFETY PROTECTION

### WHAT IS FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION is a transparent film bonded directly onto the glass panel by means of an adhesive to improve safety by retaining the pieces together in the event of glass breakage.

### WHAT ARE THE BENEFITS OF FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION film provides an added layer of security for you and your family. In the event of an accident, FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION prevents the tempered glass door from shattering into thousands of pieces which could cause damage.

### HOW IS FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION APPLIED?

Application is performed by a specialized machine.

The film is always installed on the exterior side of the panels as to not affect the Microtek<sup>®</sup> coating on the interior.

### HOW DURABLE IS FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION is very durable. It has been tested for long-term usage against chemicals and normal wear and meets the required standards.

### HOW DO I CLEAN GLASS TREATED WITH FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

No abrasive materials should be used in cleaning a FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION treated shower door. Cleaning with a damp cloth using a mixture of vinegar/mild soap with water is recommended.

## SAFETY PROTECTION

### WHAT IS FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION is a transparent film bonded directly onto the glass panel by means of an adhesive to improve safety by retaining the pieces together in the event of glass breakage.

### WHAT ARE THE BENEFITS OF FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION film provides an added layer of security for you and your family. In the event of an accident, FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION prevents the tempered glass door from shattering into thousands of pieces which could cause damage.

### HOW IS FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION APPLIED?

Application is performed by a specialized machine.

The film is always installed on the exterior side of the panels as to not affect the Microtek® coating on the interior.

### HOW DURABLE IS FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION is very durable. It has been tested for long-term usage against chemicals and normal wear and meets the required standards.

### HOW DO I CLEAN GLASS TREATED WITH FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION?

No abrasive materials should be used in cleaning a FLEURCOSEKUR<sup>+</sup> SAFETY PROTECTION treated shower door. Cleaning with a damp cloth using a mixture of vinegar/mild soap with water is recommended.

**5**  
year limited  
warranty
